MILITARY SPOUSE EMPLOYMENT COURSES

A Workforce Powered by Military Spouses

Sponsored by Prudential Financial, PsychArmor’s Military Spouse Employment portfolio of courses educates employers and military spouses on the many attributes of military spouse employees. It also teaches military spouses the basics of job hunting from resume writing, how to job search, how to network, how to tell your story in a job interview, and even how to re-enter the workforce with confidence. Whether military spouses have months or years of work experience under their belt, they will learn something new to help them get a job or maintain a career.

In Partnership with Subject Matter Experts

“Resume Writing for Military Spouses”
Rosemary Williams
U.S. Chamber of Commerce Foundation’s Hiring Our Heroes program

“The Job Search for Military Spouses”
